Yes, but I'd just reply to him and copy Randall.

Importance: High

Hi all! As a follow up from our 5/3 meeting, FFRRO drafted the attached paper to summarize/organize the task the AAs/RA group gave us coming out of the 4/27 meeting. The paper references the memo OGC is drafting, and includes some detailed discussion on how EPA could leverage our D0 ROD comments to address some of the problematic language ("Option 4"). Many thanks to Doug Ammon for meeting with FFRRO and providing input/ideas on Option 4. Please take a look and provide your proposed edits, comments and questions by Noon on 5/19 if possible.

Subject: Follow up to Tuesday's Briefing on Oakridge

When: Monday, May 3, 2021 12:30 PM-1:30 PM (UTC-05:00) Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

Purpose: Follow up from Tuesday's briefing to outline a options for paths forward on Oakridge, including: communication strategy for possibly reaching out to DOE, options for documenting issues with the decision's analysis and a plan for how to move forward. Note, this is the best I could do with finding a time that met everyone's scheduling needs. Since there are multiple folks from each office, I'm hoping we'll be covered. Thanks.
